WELCOME TO SOLICH PIANO

For over 20 years, the concept that pianos can enrich and transform lives has motivated me to provide exemplary service, quality products, and personal integrity at Solich Piano. This vision is shared by everyone here. We have proudly helped piano students of all ages, professional and amateur pianists, universities and colleges, K-12 schools, conservatories, concert halls, Performing Arts Centers, and houses of worship with equal dedication and personal attention. Our partnership with Yamaha Pianos amplifies our ability to support institutions and local music communities.

A sampling of our institutional partners includes:

Cleveland State University | Otterbein University | Pittsburgh Opera | Detroit Opera | Cleveland Institute of Music | Ohio University | Ohio State University
Youngstown State University | University of Michigan | Capital University | Stocker Arts Center | Kent State University | Duquesne University
Cuyahoga Community College | Carnegie Mellon University | Kentucky Opera | University of Akron | Xavier University | Bowling Green | Tiffin University
Cedarville University | Grand Valley State University | Baldwin Wallace | Slippery Rock University | Point Park University | Tinora Performing Arts Center

Solich Piano takes a unique and refreshing approach to collaborating with you on your institutional piano goals. As a Baldwin Wallace Conservatory trained concert pianist and educator of advanced college-bound piano students, our corporate culture mirrors my priority for education throughout the piano buying process. From our team of expert musicians, educators, piano artisans, piano technicians, and piano movers, we look forward to working with your organization, building an enduring relationship, and providing you with solutions to your piano and technology needs.

Thomas Solich, Owner **Kyle Merritt, COO, Institutional Director**

at operations@solichmusic.com

or call (216) 831-1044 today.

SERVICES

Solich Piano retains a network of qualified technicians who can provide tuning and service to institutional customers in our sales territory. For a list of these technicians and/or to schedule a piano service appointment, please call us at (216) 831-1044. For additional information about our services, please refer to our website: www.solichmusic.com

As the authorized institutional dealer for Ohio, Western Pennsylvania, and Michigan, Solich Piano stocks the largest Yamaha and Bösendorfer Piano inventory in the Midwest. This allows us to provide musical instrument solutions for any need. In addition, we are uniquely qualified to assist your institution's development department to reach their fundraising goals.

PIANO SOLUTIONS

As the 2024 - 2025 National Yamaha Bösenforfer dealer of the year, we are proud to offer the following solutions to our institutional partners

Our Dealership Offers:

- CFX Concert Grand Piano: each piano is crafted entirely by hand for a precise response that brings depth, nuance and an endless range of colors to the player's tonal palette.
- Bösendorfer Vienna Concert Pianos: brilliant colors, energetic dynamics, and a unique mechanical action. The new Vienna Concert technology is for the new generation.
- SX Series Premium Pianos: with Acoustic Resonance Enhancement (A.R.E) Technology.
- U Series and P22 Upright Pianos: staples of the institutional market.
- Clavinova Digital Pianos: ideal and versatile lab instruments for group/class teaching.
- Yamaha Music Laboratory Systems: technology systems to enhance group teaching and managing classes.
- Revolutionary AvantGrand Hybrid Pianos: a real acoustic piano action with the most advanced digital piano sound. Tuning not required.
- Incomparable Disklavier: an acoustic reproducing piano with unique performance and pedagogy capabilities.

Our Institutional division can craft the perfect line up of instruments for your specific campus, house of worship, or arts venue.

CFX

U Series

The revolutionary SX Series premium pianos utilize the innovative Acoustic Resonance Enhancement technology for a fuller, richer touch and tone.

Solich Piano understands the spiritual value that a quality instrument provides to a service. Worship can be at it's most inspirational when world-class instruments are a part of the worship experience. We provide pianos appropriate for every church setting.

CX Series

Disklavier

P22

Clavinova CVP Series

AvantGrand Hybrid

Yamaha CFX Concert Grand
premium, hand-crafted piano:
the new choice of great artists.

Yamaha has provided the most dependable and advanced music labs
servicing elementary, secondary, and college music departments for decades.

TRADITION MEETS TECHNOLOGY

Inspired by a world of connectivity, Yamaha is the global leader in new piano technology. Disklavier, the world's most advanced reproducing piano, enables music teachers and students to connect remotely as if they were in the same room. DisklavierTV Provides an array of on-demand performance and pedagogical content.

CX Conservatory Grand Piano line: redefining and elevating the world standard of consistency and reliability in professional instruments.

PROFESSIONAL ACOUSTIC UPRIGHT PIANOS

U Series and P22 Upright Pianos: staples of the institutional market.

AVANTGRAND: THE BEST OF BOTH WORLDS!

The revolutionary AvantGrand Hybrid Piano: a real acoustic piano action with the most advanced digital piano sound. Tuning not required.

THE INCOMPARABLE DISKLAVIER

Your all-in-one piano that seamlessly combines acoustic with technology. Connect with other Disklaviers around the world for remote lessons, master classes, or auditions. Reproduce your exact performance to the utmost degree of discerning capabilities. You may also play with headphones for silent practicing with full acoustic depth and realism.
